Keeping America's Navy #1 in the World

# The Logistics Professional Program

The Department of the Navy's Logistics Professional Program is a structured three-year career development program that hires and trains people to be Acquisition Logistics Professional Leaders skilled in the use of state-of-the-art engineering business tools and techniques to solve complex integrated logistics support problems. As a Naval Sea Systems (NAVSEA) Command logistician, you will be trained to work with everything from major systems acquisition strategies to in-service modification and sustainment in support of the largest of the Navy's five systems commands.

You will be the experts in the application of sophisticated analytical models and tools to assess and improve the readiness and capability of our Navy's ships, submarines and related systems.

When you become an Acquisition Logistic Professional, you get...

- Opportunity
- Advancement
- Travel
- Training
- Tuition Assistance

***And you are among the best in the world!***

## NAVAL SEA SYSTEMS COMMAND

"NAVSEA" is the Navy's central authority for designing, acquiring and supporting U.S. Naval submarines, ships, shipboard weapons and combat systems. NAVSEA accounts for about \$20 billion of the Navy's annual budget, managing more than 130 acquisition programs. Nearly 50,000 NAVSEA team members from around the globe serve the Fleet by providing
